

## English

Our class text this term will be *There's a Boy in the Girls' Bathroom* which explores friendship and bullying along with methods of managing this behaviour. Children will explore the characters, discussing and debating the issues that arise in the book. They will write a fictional email to a counsellor and plan and write a report from the counsellor's perspective detailing the issues encountered by the main protagonist and how to manage them.

Grammar and punctuation:

Revision of colons and semi-colons; cohesive devices; imperative verbs; apostrophes for possession and hyphens.

## School Value Responsibility

This will be taught through weekly circle time sessions, classroom displays and our classroom and school ethos.

## Maths

- Fractions – adding, subtracting and multiplying fractions by an integer, and by mixed numbers. Calculating fractions of amounts and using fractions as operators.
- Multiply using standard written form up to 4 digits multiplied by 2 digits including using the area model.
- Division using standard written form up to 4 digits divided by 1 digit.

## Great Chart Primary School

## Year 5 Term 3

### Science – Materials

- Properties and changes of materials
- Which materials are good conductors and insulators?
- Which materials are the best electrical conductors?
- Which materials will dissolve?
- Which changes are reversible and irreversible?

## DT

### Food and Nutrition:

Children will learn about beef and where it comes from (including the environmental impact). We will explore plant-based alternatives and children will design and produce a healthy accompanying sauce.

## Geography North America

Children will learn the physical geography and location of this continent. They will go on to focus on human geography including our impact on the environment, trade links, how natural resources are used and make comparisons between London and a North American city.

## RE

Our RE question for Term 3 is: Are Sikh stories important today? Children will be taught some Sikh stories to consider if they are important to people today. Children will learn why these Sikh stories may not only be relevant to Sikhs but also to non-Sikhs.

## PSHE

What decisions can people make with Money? What choices do people make about ways of paying for things they want and need (e.g. store card/credit cards; loans) What is good value for money? What risks are there relating to money?

P.E – football. Focus will be playing effectively in a variety of positions and formations and attacking and defensive tactics.  
P.E. – gymnastics. Using the large apparatus to apply skills learned in Term 2.

## French –

We will learn to talk about numbers, money and prices and how to shop for food in France.

## Computing

Databases – children will create, organise and use a flat-file database.
