UK GDPR (General Data Protection Regulations) Consent

To Parents & Carers,

The UK GDPR (United Kingdom General Data Protection Regulations) places increased responsibilities on schools to ensure personal data is kept safe and secure. Schools will need to manage what data is stored, how it is stored and for what purpose. They will also need to ensure that any 3rd party suppliers they use, such as internet providers, also meet UK GDPR regulations.

Please refer to the Privacy Notice which you have already received.

UK GDPR Consent: Details on display around the school

In order for the school to run effectively we will display pupil information appropriately around the school. This includes:

- Class lists
- Group lists
- Charts, such as behaviour charts
- Medical Information
- Certificates
- Birthday charts
- Celebration of work/achievement with names

We are seeking consent to display this information.

UK GDPR Consent: 3rd Party Suppliers

At Great Chart Primary School, we use a range of internet packages (3rd party suppliers) to support teaching and learning. Through the UK GDPR (United Kingdom General Data Protection Regulations) we have to seek parental consent for the school to continue to use these packages with pupils.

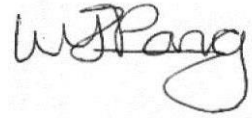

We currently use the following but throughout the year this list may increase:

- ClassDojo
- Learning by Questions
- Lucid Rapid
- My Maths
- Papercut
- Speech Link
- Spell zone
- Timetable Rockstars

When creating accounts, we will ensure that 3rd party suppliers only use information relevant to their system, such as a name, school email address and password. Sometimes your child's date of birth may also be needed.

The school also uses a system to support the management of 3rd party suppliers called 'GDPR in school'. This oversees how suppliers hold and process personal information ensuring that they meet all of the UK GDPR regulations.

Yours sincerely
